

Edmonton Bulletin

ESTABLISHED DECEMBER 6, 1880

Commercial Pegs To End on Monday

OTTAWA, March 5.—(CP)—The government will depend for the present on the "just and reasonable" clause of the Prices Board regulations to hold down commercial retail after decontrol Monday, it was announced today.

R. W. Mayhew, parliamentary assistant to Finance Minister Abbott, gave this information to the Commons price committee in response to C.P.F. demands that the committee immediately investigate the possible effects of decontrol on the cost of living.

Mr. Mayhew said the "just and reasonable" clause was to remain in effect after decontrol, as it had remained in connection with various commodities from which controls have been removed.

CCL Requests Price Controls

OTTAWA, March 5.—(CP)—The Canadian Council of Learned Men today established of the parliamentary price committee "was in no way an adequate substitute for effective price control."

In the face of the increasing demand on the part of the Canadian people for the re-establishment of price controls, it is difficult to understand the unwillingness of the government to take effective action," the CCL said in its annual submission to the federal cabinet.

"Effective factors" had influenced prices but "one of the most important reasons for the inflated prices was the removal of price controls much earlier than industrial conditions warranted."

BOATS WIPED OUT

Price booms during the last 18 months "have largely, and in some cases entirely, wiped out any benefits obtained by the workers through wage increases."

"In the circumstances, they have no alternative but to seek further increases... the wage policy they adopt, however, will be determined to some extent by the action taken by the government in retooling."

\$5,000 Grant Urged Highlands League

Edmonton's Recreation Commission Thursday requested of the city council that a grant of \$5,000 be made to the Highlands Community League towards the cost of the club house erected by the league.

The clubhouse cost approximately \$25,000 to build, and is the most impressive community league structure in the city.

If the grant is made by city council, it will be the first of its kind in the city.

The grant is made by city council to the league for the purpose of erecting a clubhouse.

The commission also recommended to council that playing fields be made available to the league.

Edmonton's Recreation Commission Thursday requested of the city council that a grant of \$5,000 be made to the Highlands Community League towards the cost of the club house erected by the league.

A request from the Jasper Place Community League for a \$10,000 grant to assist in financing reconstruction of the community hall destroyed by fire was tabled pending submission of a financial statement from the league. This statement also should contain the terms of the adjustment made by insurance companies.

\$50,000 Proposed For Boys' School

Expenditure of \$50,000 for a boys' training school somewhere in the province is estimated by the provincial government, according to the official estimates tabled in the legislature Friday.

The school, which would come under jurisdiction of department of welfare, would be a boarding school for the detention and training of delinquent youths.

Estimates for the construction of agricultural school are also included. This amounts to \$67,400 and represents an increase of \$20,000 over the \$47,400 set aside for this purpose a year ago.

No decision has yet been announced as to the location of the school but strong representations have been received from the south of the province and from Peace River country to have the school established in those areas.

Replies Mount On Small Ad

There is one man at least in Edmonton who has been satisfied that advertising really pays. He is the man who has been advertising in the Edmonton Bulletin for a long time.

14 to 20 Dead, Lost In Sinking

Mississippi River Disaster Said Worst In Last 12 Years

GREENVILLE, Miss., March 5.—(AP)—Fourteen to 20 crew members were drowned and missing today from the 180-foot towboat Natchez, which rolled over and sank last night after a treacherous Mississippi River current swept it against a bridge piling below here.

Capt. William A. Howell of the tugboat Soho-Latonia, which was on the scene here, said "there could hardly have been any others" saved.

A 12th man escaped, however, as he was with the barges behind and not aboard the tugboat at the time.

The Natchez carried a normal crew of 28 but survivors figured the actual number this trip varied from 20 to 32.

WITNESSED END

Howell witnessed the end of the Natchez from his pilot house.

The current caught her and rolled her over," he said. "The men went down in a minute. The men below deck were killed and on-hand no chance. The men picked up were mostly deck crew."

Howell said the Natchez was carrying a normal crew of 28 but survivors figured the actual number this trip varied from 20 to 32.

STAYED DISASTER

Howell said the disaster was "by far the worst" in the 12 years he has been on the river. He is 38 years old.

Canadian Curling Champions

THEO (FRENCH) D'AMOUR's popular rink from Trail last night took the Canadian curling championship to British Columbia for the first time in 10 years of competition.

That's Frenchy smiling on left, with his mates Bob McGhie, Fred Wendell and Jim Mark.

TEAM IN GOOD SHAPE FOR GAME

By Dave Dryburgh
Special to The Edmonton Bulletin

REGINA, Sask., March 5.—Coach Frank Currie of Edmonton Flyers didn't mind words around recklessly when he rolled into Regina with his club on the eve of the senior hockey playoffs.

"We mean business," he warned Caps—that's all.

Word Awaited On Picketing

Announcement in connection with an application for an injunction prohibiting picketing of Star-Key and Penn mines, is expected to be made later today by J. B. Starkey, owner of the mines.

Mr. Starkey is basing his application for an injunction on the alleged traces which broke out near the Star-Key mine Tuesday.

Twelve strikers and Thomas A. McCloy, district representative of United Mine Workers of America, face charges in connection with the flare-up.

WORKERS HECKLED

Meanwhile, about the pickets assembled on the road leading to the mine to heckle workers on their way to the mine Friday. Star-Key men were again escorted from the city by several trucks.

No recent attempts have been made to settle the Edmonton district strike. It was reported this morning "It is up to the coal mine operators now," one union official said.

STARKY HAS COMMENT ON THIS MATTER

Mr. Starkey has no comment on this matter, other than that efforts are being made to keep the mines operating. "Some mines may have been closed down for a while," he said.

The strike has been in effect since Jan. 13.

Mr. Starkey recently stated that he considered the strike illegal, as the miners did not conduct a proper strike vote before walking out.

LABOR GOVT. RETAINS SEAT WIGAN ELECTION

WIGAN, Lancs., England, March 5.—(Reuters)—The Labor government retained its seat in Wigan when R. W. Williams was declared the winner early yesterday in Thursday's by-election.

Williams, a solicitor, had a majority over three other candidates of 1,000 votes, compared with a majority of 1,670 polled by Labor in the 1945 election.

STARKY HAS COMMENT ON THIS MATTER

Mr. Starkey has no comment on this matter, other than that efforts are being made to keep the mines operating. "Some mines may have been closed down for a while," he said.

The strike has been in effect since Jan. 13.

Mr. Starkey recently stated that he considered the strike illegal, as the miners did not conduct a proper strike vote before walking out.

Alberta's Grunts Are Aged; New Exports Get Pensioners to Get An Additional \$2

Pensioners to Get An Additional \$2

Old age pensions in Alberta were given a \$2 increase today when Premier Ernest Manning brought down his budget for 1948.

The addition will give pensioners \$37 monthly, \$30 paid jointly by federal and provincial government, and \$7 supplement paid by the government here.

Legislation required to implement the increase will be brought before the legislature within the next few days, and

Additional Stories on the Alberta Budget will be found on Pages 7 and 8

Increases are expected to be effective with the new fiscal year next month.

No New Taxation

The budget failed to provide any new taxation. There was no increase in the provincial debt forecast.

In presenting his budget, Premier Manning said an estimated deficit of \$6,306,738 will be financed from surpluses accrued during war years.

The premier reviewed economic condition of the province, explaining that framing of expenditures had to be based on current economic condition of industry, agriculture and people in general.

In his review of agriculture, Mr. Manning pointed out an increase in cereal crop production from \$168,000,000 to \$270,000,000 and showed that the increase in value had been accomplished by increased production of rye and flax, which counteracted the shortage of the growing season and the devastating hail damage.

Livestock value had increased by \$2,000,000, he said, but in all classes of livestock there was a reduction in the number marketed.

In October, selling prices on oats, barley and wheat used for feed purposes suddenly were discontinued. At approximately the same time, it was indicated that the British Columbia government was to be negotiated at higher prices. The combination of these factors would have the withdrawal of price support from the livestock industry created widespread consternation among producers of livestock products.

"This combination of circumstances precipitated by Dominion government action, largely nullified the strenuous efforts that had been made to increase hog production in Alberta during the war years. While an increase of 77 per cent was made in the price of hogs, the increase in the price of hogs was not commensurate with the increase in the price of hogs."

As a result, the price of hogs was not commensurate with the increase in the price of hogs. As a result, the price of hogs was not commensurate with the increase in the price of hogs.

Oil's Potential • 1,000,000 Barrels

Alberta government has followed a policy designed to assure orderly development of oil resources of the province and of Canada. Premier Ernest Manning told the legislative assembly as he presented his budget address.

He said conservative estimates placed potential recovery at 1,000,000 barrels and discovery of the field in February 1947, attracted such attention that at the end of the year 33 wells were in production and 372,000 barrels of oil had been produced.

Lloydminster field, which is so far producing a grade of crude not suitable for refining into gasoline, is showing an increase in production which will be increased, when the drilling program planned comes into effect.

Mr. Manning outlined the government's oil policy under five groupings which follow:

1. To take all reasonable steps necessary to encourage orderly development in order to meet the demand for petroleum products and to make Canada less dependent on other countries for these essential products.
2. To insure that all development is carried on according to the known engineering practices, therefore—

CHRISTMAS CARD MADE LONG JOURNEY HERE

One Edmonton man is still receiving his Christmas card.

He is Alex Blair, 10656 108 street, who received a Christmas card this week from Scotland via Australia.

Card was sent by Mr. Blair's mother in Ayreshire. At the same time, she sent a letter to Mr. Blair's brother in Wickham, New South Wales, Australia. The two letters were stuck together when they were delivered in Australia.

When Mr. Blair's brother in Australia took the Christmas card to Wickham postmaster, the latter said that the occurrence was something that might not happen "once in 100 years."

4 New Radio Stations Planned for Northland

Four new radio stations for Canada's northland are in the immediate future under Western Army Command's new signals program expansion.

Proposed additions will bring to 25 the number of outpost stations operated in the command.

Largest undertaking will be a complete new station at Fort Reliance, McLeod Bay, in Great Slave Lake area. This will entail erection of two 120-foot aerial masts and several smaller ones, with five buildings for operating and maintenance personnel.

Other stations will be built at Wrigley, Dabau, between Hudson

Material Shortage Delays Civic Work

Mayor Harry Ainslie in an address to Optimists Club in Macdonald hotel Thursday discussed present conditions in civic affairs.

Arrangements are being sought, the Mayor said, with both provincial and Dominion governments for a grant in line of taxes on government held property in the city. At present these properties are a tax free.

Shortages of materials, the mayor said, are holding up extension of a number of civic services, including telephones and sewer. He held out no promise as to when these in these services would be available except to say that it would be as soon as equipment is received and installed.

\$20,000 Drive For New Hall

Organized drive for funds to rebuild the Jasper Place Community hall destroyed by last Wednesday will be mapped at a general meeting in Jasper Place school next Monday starting at 8:30 p.m.

Robert Fink, vice-president of Jasper Place Community League, will preside at Monday's meeting in the absence of President Frank Neakoppe who is ill in hospital.

It has been estimated that \$20,000 will be required to build a new centre.

Members of West Jasper Place Curling Club, who have no rink, have suggested a combined community centre and curling rink. The suggestion will receive attention at the league meeting Monday.

The league has already applied to the city through the Edmonton Recreation Commission for a grant of \$10,000 to assist in financing rebuilding the hall.

Edmonton Montgomery Branch No. 24 of the Canadian Legion is donating the Memorial hall without charge to the West Jasper Place league for a dance and carnival on the night of March 13.

This will take the place of a similar event scheduled in the burned community centre for St. Patrick's night. More than 800 tickets had been sold before the fire.

3-Break-Ins, One Man Held

One man was arrested for shoplifting Friday morning and police discovered three business premises entered during the night.

Constable G. H. Vauhin, patrolling his beat about 2:30 a.m., discovered the glass smashed out of a door at the Capital Shoe Repair, 10536 Jasper avenue.

Looked inside he found Waldo Ginter, no fixed address, lying on the floor beside the heat radiator.

He told the policeman he had come in to get warm.

It was found that the offices of the Western Canada, 10249 104 street, had been prowled, entry having been gained by smashing open a window. Nothing is missing.

Local police discovered that a window had been smashed and opened in the office of the Greer Agencies, 10519 104 avenue. No entry had been made and nothing was taken. A box had been placed under the high window.

Alta. Government Has No Knowledge Gas Price Boost

Government of Alberta had no knowledge of any contemplated raise in gasoline prices in Alberta on April 1, nor about a "high level" conference between Canadian and American authorities on petroleum conservation. Hon. N. E. Tanner, minister of lands and mines said.

He was answering questions from E. Rogers, a leader, who said he had received an inquiry in connection with the gas price boost. He said he had received a clipping of Canadian-American conference on oil conservation.

He knew nothing of any price boost, the minister said, and suggested that international conferences were at too "high a level."

Man Sought

Edmonton branch Canadian Red Cross Society has been asked to contact Hermann Hecker. His last known address was given only as Alberta by Wanda Kinnert who is attempting to learn Hecker's whereabouts.

Council, Spare That Tree

All Edmonton citizens who appreciate the practical and aesthetic value of handsome tree-lined streets will be on hand next Thursday afternoon at 4:30 o'clock when the city council will hold a special meeting to consider the tree slashing policy of the parks department.

The technical side of tree-thinning must obviously be left to experts. But if there is a choice between removing every other tree or butchering all the trees, surely common sense and all standards of beauty would indicate that the former course be taken.

What Edmonton citizens must make the parks department realize is that they recognize the trees in this city as one of the major civic assets, the factor that distinguishes Edmonton from most other cities of the Canadian Middle West.

Which Tax Will Be Cut?

If there is a choice in the program of tax reduction, now apparently being considered by the federal government, between decreasing income tax and decreasing the eight percent sales tax, it is the sales tax that should be cut because the imposition of the sales tax effects the budgets of those in Canada least able to pay it.

It is evidently fair because income tax is levied on the taxpayer's ability to pay. It is the fairest tax ever devised.

The only advantage in sales tax is that it comes off so gradually that the taxpayer is not required to make a sometimes embarrassing lump demand every year.

If the total income tax could be levied monthly against salary, as was partially done in the system originated during the war, income tax would not only be fair but practically painless.

Canada would welcome a cut in both taxes and, with a \$750,000,000 surplus, perhaps they are entitled to expect it. But if it is a choice between the two, it is the sales tax that should be removed or reduced.

It should be fully understood that nothing is before the court in this action but the question of whether or not the defendants did conspire to commit a defamatory libel. Nothing else is pertinent to the trial.

But if the trying of the case imposes a hardship upon any eastern concern, rightly or wrongly, there will be no lack of those in the East who will say that Alberta is out to put the allegedly offending publication out of business.

This is one instance where not only Alberta's justice but Alberta's generosity is held up to the gaze of all Canada. It is an instance where justice, quite reasonably and justifiably, can lean just a little bit backwards.

Immigration and Industries

At almost the same minute the new "Alberta House" was being opened just off Berkeley Square in London as headquarters for the province's drive for British settlers, complete reports were being sent in the Alberta legislature that there were too many people in this province already and that greater unemployment would follow the campaign.

Surely it is clear by this time that Alberta's attempt to secure British immigrants is tied up in an intricate web of other new industries. The drive, in other words, is not so much for more people as for more production.

Since production is the only possible source of wealth and prosperity, the motives behind the effort are essentially sound.

During February of this year there were 195,000 persons out of work in Canada. That figure was 2,000 above the total

BEGGING YOUR PARDON, MADAM, BUT I AM FORGOTTEN TO GIVE NOTICE: IT HAS BEEN MY PAINFUL DUTY TO SERVE THE REFRESHMENTS WHEN THE MASTER PLAYS BRIDGE AND HE CAN'T STAND IT ANY LONGER, MADAM—'IS BRIDGE I MEAN, MADAM, AFTER HALL HIM ONLY UMAN, MADAM.

Then, riding in to work, I remembered that the pale yellow primroses are in full bloom in my neighbor's garden and a cluster of burnt orange crocus color the barren lands behind our garden. It is better than even money that our place is now in the chaos of spring cleaning.

I read a column in the *Post* the other day about a man who had been told to drop any pearls that he was carrying and a limited and unimpressive distribution of letters are like plumpers who come to the door to drop any pearls that he was carrying.

on Peterson, one of the really fine writers of Canada, is a sentimental couple. His letter reads like those of a small, bored boy reporting to his parents from a summer camp.

No!—I went to lunch with the managing editor of the *Post* and the managing editor of the *Post* on the 28th, as was Winnipeg gold. Business of eye and nose and drooling, little moments of anticipation.

But the golden turned out to be kipped within an inch of its life. The golden turned out to be kipped within an inch of its life. The golden turned out to be kipped within an inch of its life.

Work and Play
A man spent an entertaining half hour with Bill Herbert, of the CBC, just back from Edmonton where he is trying to complete a radio link-up with Canadian Army Signals men at Alaska.

and a group of Australian scientists on Heard Island in the Antarctic. Radio people are doing unlikely things like this. Nobody knows why.

Some of the high-point in the broadcast involved a strange discussion between the children of the CBC and boys at Alkvik in which Bill asked a series of questions about the children and received some rather startling answers. Finally, he asked if they were going to be a good boy and a good girl.

That was a husky? A husky dog? Herbert cried in delight. "Husky" came back Alkvik.

Hanna, A. K. SUTHERLAND

Smiles

"Madam," said the leader of the brigade, "we shall be with you until your husband ransoms you."

An aged Yorkshireman was being shown around the Royal Caledonian Hotel in Edinburgh when he said to the guide, "I wish now I'd treated John a little better."

"This clock," said an official, "represents the one from which all the world takes its time."

"Wonderful," said the old man, "surrounding it with open mouth, and believe me, I shall watch, at the end of about two feet of chain, from a pocket like a sack of money, about a dozen minutes fast as an' all."

ON THE RECORD

Europe Will Never Be United By Economic Planners Alone

The preamble to the European recovery program draws an analogy with the United States and the United Kingdom. It states that the United States has enjoyed through the existence of a domestic market with no internal trade barriers and no artificial obstacles to the free movement of goods and services.

Day in the Life Of a Columnist

Diary of a Day—guaranteed to be the only one of its kind not after the style of Samuel Pepys: I am—There was a new edition of Norman Duncan I dropped in to see the comedy, "Quoted." He was wearing a new one of those typical, amiable English faces in which all the signs of very gentle bourgeois familiarity types. All very much like a stage play and kind of fun to watch in a movie house. The English sense of humor is something pretty special, I find. It is an acquired taste, like all pickles.

5:30 p.m.—I had a good, solid hour of piano practice and a cluster of burnt orange crocus color the barren lands behind our garden. It is better than even money that our place is now in the chaos of spring cleaning.

I read a column in the *Post* the other day about a man who had been told to drop any pearls that he was carrying and a limited and unimpressive distribution of letters are like plumpers who come to the door to drop any pearls that he was carrying.

Accused Scientist Calls For Probe

Condon Would "Put an End"
To Public Smears on Officials

WASHINGTON, March 5.—(AP)—Dr. Edward U. Condon, under fire from the House of Representatives Un-American activities committee, asked yesterday for a congressional investigation to "put an end to public smears on scientists and end to government."

Condon made his request in a letter to Senator Bourke Hickenlooper (Rep-Iowa), chairman of the Senate-house atomic energy committee.

At the commerce department, meantime, it was learned that Commerce Secretary Harrison has asked Attorney-General Clark's advice on whether he should give the Un-American activities committee his files on the department's investigation of Condon's loyalty.

DEMANDED BY GROUP
The house group demanded that after releasing a sub-committee report saying Condon has associated "knowledgeably or unknowingly" with suspected Russian spies. Condon is the federal bureau of investigation's chief assistant to the Un-American activities sub-committee of association "knowingly or unknowingly" with Russian spies. The sub-committee also described him as "one of the weakest links in our atomic security."

This is what smart men will wear as evening clothes next summer if Chicago designer Carmen Durso has his way. The two-piece summer formal outfit consists of jacket without lapels or buttons and trousers that stay up without suspenders or belt.

SOME "PARKING PLACE, FILLING STATION"

Appreciation of Home Urged at Health Meet

OTTAWA, March 5.—(CP)—Criticism of Canadians who have turned their home into nothing more than "a parking place for night and a filling station by day" was voiced last night by a Manitoba government official who urged recreation to family life.

Appreciation of the things that count has been lost in the rush of present-day living, said the government official, who is director of health and welfare services in Manitoba's health and welfare department.

A teacher before she became a government official, Miss Nix said children must be taught appreciation of the good life, because only through them could there be a return to "gracious living."

Health Minister Martin told the conference any success Canada

has achieved in her strivings to improve health conditions has been due to the co-operation "which has always linked all agencies enlisted in the fight for higher standards of health and welfare."

"The fact that you have been invited to sit in with official health educators at this time is evidence of our desire to include you in our overall plans, and to work out with a program which we hope will have far-reaching benefits."

Canada Determines Mineral Reserves

OTTAWA, March 5.—(CP)—For the first time ever again this country faces a national emergency such as war. Canada is determining the exact extent of her mineral reserves. C. E. Parsons, chief of the Bureau of Mines, said yesterday.

Work on the concentration and treatment of radioactive ores for the National Research Council was one of the tasks now assigned to a large staff of the mines bureau.

Bridge

By William E. McKenney

With the exception of tennis, I know of no game that runs true to form than bridge. However, a darkness comes through occasionally.

Dr. Robert A. Strat of Rockville, Ind., and Ewell O'Brien of Terre Haute, Ind., were darkness winners of the All American open play championship at French Lick, Ind., last fall.

In today's hand Staff (North) and O'Brien (South) were the Gorchur four club convention, and O'Brien's four club bid asked his partner for aces. With hearts won by four diamonds, one ace, four hearts, two aces four spades.

South's four no trump asked for Kings. Five clubs would have de-

HERE'S UTOPIA FOR THE KIDS!

WEST NEWBURY, Mass., March 5.—(AP)—Pupils in the first seven grades of Central Grammar School, taught jointly by five teachers, danced their way to homecoming yesterday.

All five teachers were sick. And as if this were not enough, the trustee officer was out sick too. School officials said the illness was colds and similar seasonal ailments.

**No Settlement
In Wage Dispute**

WINNIPEG, March 5.—(CP)—Discussions in the wage dispute between the Winnipeg Electric Employees' Federated Council and the company terminated yesterday.

H. S. Johnston, government conciliator, said it had not been possible to reach a settlement and no further meetings would be held. He was preparing his report for the labor minister.

**Federal Assistance
For Highways Urged**

REGINA, March 5.—(CP)—Highway construction terminated yesterday.

Minister J. T. Duggan called in the legislature yesterday for federal aid in highway construction and said Saskatchewan was "spending to the limit of our resources" in highway construction and maintenance.

**Regina May Be Site
For Blind School**

REGINA, March 5.—(CP)—Regina may become the site of a western school for the blind if the Canadian Federation of the Blind is successful in its attempt to have the governments of the three prairie provinces raise funds for its construction. C. A. Pettapiece, national president of the federation, said yesterday.

He said the federation had asked the Saskatchewan government to confer with Manitoba and Alberta governments about building the school and the government had said it was in sympathy with the project.

Children's Sweaters

Cozy, comfortable sweaters in red, blue, yellow or pink. Pull-over or cardigan style. . . . Ideal to wear with one of the tartan skirts. Sizes 2 to 6.

DISTRICT NEWS IN BRIEF

Mayor Maurice Is Re-Elected

Chosen at First Meeting
High Prairie Councilors

HIGH PRAIRIE, March 5.—V. Maurice was selected to continue as mayor of High Prairie for another term at the first meeting of newly elected councilors recently.

Caron Fawcett was appointed deputy mayor and R. P. Butler was appointed treasurer for the year.

Others present at the meeting included councillor John Reynolds and Secretary George Wilson. Secretary reported school requisitions for the year at \$1,508 and appropriations for municipal purposes at \$8,000, same as last year.

Elect E. A. Hunter
BASHAW, March 5.—E. A. Hunter was elected to both the Bashaw village council and the Bashaw Hospital board in recent elections here.

Others elected were William Beum, who will fill a vacancy in the council and E. M. Robertson, C. K. who was named to the hospital board.

Mr. Hunter was elected for a three-year term on the council and Mr. Beum for a one-year term. H. D. Dill, who was named village secretary, did not stand for re-election as councillor.

Wetaskiwin 'Spies'
WETASKIWIN, March 5.—H. W. "Wacky" Somers, president of Wetaskiwin curling club, was carried off to hospital in mixed hospital recently concluded here.

Other members of the winning rink were: W. McArthur, C. McKay and Mrs. John Malin.

Rink skipped by L. Yule was defeated in the final. Other members were: E. G. Thompson, C. W. C. Roper, Mrs. H. Newby, Jr.

Willington Curling
WILLINGTON, March 5.—George Fawcett's rink captured first prize in the round-robin curling competition at Willington recently.

Competition replaced the annual bonspiel which had to be called off when all roads around the rink were blocked.

A. S. Downey rink won second prize.

In the ladies' round-robin, Mrs. H. E. Savage won top honors with second going to Mrs. L. Ser.

Mark Anniversary
NEW NORWICH, March 5.—Residents of the district for several years recently celebrated their silver wedding anniversary. More than 10 persons attended the celebration.

Death Was Due
Burns and Shock
HIGH PRAIRIE, March 5.—Coroner's jury returned a verdict of death by third degree burns and shock at the death of Elsie Orr, Indian woman of 48 years.

Two witnesses, including the district nurse and five-year-old daughter of the deceased were flown from Wabasca to High Prairie in RCMP plane and brought by car to High Prairie.

Members of the jury were J. Broadway, William McArthur, Dr. Becker, Rev. Mr. William Walker and George Wilson.

Crown Carnival
Queen at Alix
ALIX, March 5.—Recently constructed arena at Alix was filled to capacity recently to see Miss Alix, the latest Tarewell crowned queen of the annual winter carnival here.

The largest crowd also enjoyed a program of speed skating, chuck wagon races, hockey, dancing and comedy numbers, all by local talent.

A novelty act, Ferdinand the Bull, was staged by the young skaters of the community while a novelty hockey game between men dressed in explosives costumes.

Mirror Quartet
Wins at Bashaw
BASHAW, March 5.—L. Gauden rink of Mirror captured grand challenge honors in the recently concluded Bashaw bonspiel.

Of Bashaw took second prize in the challenge with J. H. Blaney of Bashaw third and S. L. Read, also of Bashaw, fourth. Other prize winners are:

Merchants—L. H. Bosenberry, Bashaw; 2. L. Gauden, Mirror; 3. S. L. Read, Bashaw; 4. J. H. Blaney, Bashaw.

Consolation—W. Reider, Bashaw; 2. J. J. Hannan, Bashaw.

Quebec Publisher
Enters Retirement
BURY, Que., March 5.—CPJ-Entirement of Dan A. Jones, veteran northern Quebec newspaperman, as publisher of the *Quebec Nord-Est*, English-language weekly serving the francophone communities was announced yesterday. He will be succeeded by J. Omer Martin, prominent in mining in the district for the last 30 years.

THE COMMUNIST PARTY has selected control of Czechoslovakia and National Defense Minister Ludovik Svoboda (right) has ordered the Army to "be on guard against foreign spies, their domestic helpers and people who speak against the Soviet Union." Here he rides through Prague with Soviet Marshal Ivan Koniev.

Standing beside the prime mover truck, left to right are: Donald Harkness, chief technician, Arthur Ayers and George Borg, technicians. The unit will tour remote areas of the province.

CCF Resolution Beaten in House

Non-Confidence Motion Fails To Get Opposition Support

By D'Arcy O'Donnell
OTTAWA, March 5.—(CP)—The Commons voted 173 to 38 last night to defeat a CCF motion that called for an extension of non-confidence in the government because of the way it has handled price controls.

The division was the first to be taken on opposition motions of non-confidence in the government and drew only slight support, because of the views of most members on the question of a return to price controls.

James Bracken, Progressive Conservative leader, said his party could not support the motion which "this House regrets that Your Excellency's advisers have failed to use the powers provided by Parliament to control prices, and by their actions have caused alarm and increases in the cost of living and a dangerous lowering of the living standards of the Canadian people."

Mr. Bracken said that if the word "motion" had been substituted for the word "prices" in the motion his party would have been able to vote for it. His party believed that price controls could only be made to work when everything was controlled.

When the division came, the Progressive Conservatives lined up with the government against the motion. All the Social Crediters except Patrick Ashby (St.-Edmond East) voted with the CCF, along with Maxime Raymond (BP—Beauharnois-Laprairie) and J. J. Hamel (BP—St. Maurice-Lafayette).

As the voting ended, F. D. Shaw (SC—Deer) took the floor to continue the thrice speech debate which provided the opportunity for the moving of the CCF motion. House rules prevented Social Crediters from moving a similar motion until a division had been taken on that of the CCF.

CALLS FOR ELECTION
In the pre-division debate, Don J. Fleming (PC-Toronto) challenged the government to a general election.

Earlier, Mr. Raymond charged that the government is placing the needs of British ahead of those of Canada and as a result Canadians are faced with scarcity in a land of plenty.

Other speakers in the debate included Victor Quinlan (SC—Knox) who said that the CCF's demands for a return to overall price control. Any plan to roll back prices to 1946 levels would involve a costly program of subsidies which the people, with the present tax burden, could not support.

He said the government should guarantee farmers a fair share of the national income.

WISMER FINDS JAIL CHARGES UNJUSTIFIED
VICTORIA, March 5.—(CP)—Attorney-General Gordon S. Wismer, following an investigation of charges of fifty conditions and unfair paddling of prisoners in Okanagan prison, said yesterday he was satisfied there was no justification for the charges.

WINNIPEGGERS MOVED AROUND FREELY
WINNIPEG, March 5.—(CP)—Winnipeggers were in a moving mood last night, even though housing accommodation is said hard to get. R. B. Henderson, publisher of the Winnipeg city directory, said yesterday.

This year's directory shows that 29 per cent of the city population changed address during 1947. It listed the population of greater Winnipeg at 354,188 against 323,848 last year.

VANDALS TURN ON HOSE LINES, FLOOD SCHOOL
PRINCE RUPERT, B.C., March 5.—(CP)—The three-story Booth memorial school yesterday was flooded with thousands of gallons of water from four two-inch hose lines, set off by a deluge that penetrated floors, ceilings and walls and flooded the third floor to a depth of several inches. Classes were cancelled for the day.

Police said vandals entered the building and opened the valves of four hose lines, setting off a deluge that penetrated floors, ceilings and walls and flooded the third floor to a depth of several inches. Classes were cancelled for the day.

BREWERY-BAKERY Tie-Up Probe Asked
TORONTO, March 5.—(CP)—A House of Commons price committee probe of relationships between beverage alcohol and food companies, was urged yesterday in a resolution adopted at a meeting of the Board of Evangelism and Social Service of the United Church of Canada.

The resolution to be sent to Federal Health Minister Martin, chairman of the price committee, was signed in Ottawa, asked that the inquiry of relationships, particularly between breweries and bakeries, be conducted into production, distribution, financial and investment terms.

Another resolution asked that Finance Minister Abbott include increased taxes on alcoholic beverages in the 1948 Dominion budget.

The board asked the church people to write protests to their parliamentarian representatives against what it termed "the inroads of the liquor trade in business and residential areas."

SEWER-BLAST DANGER THREAT IN WINNIPEG
WINNIPEG, March 5.—(CP)—Children always have been told not to play with matches, but now it's the grown-ups' turn, particularly if they're near a manhole.

City Engineer W. D. Hurst yesterday put it this way: "Just let someone walking along the street toss a lighted match or a cigarette butt down a manhole into a sewer reeking with gasoline fumes and poof! Everything would go up."

The leakage of gasoline from filling station and garage tanks into Winnipeg's sewers is worrying Mr. Hurst and other civic officials. Manitoba's soil is corrosive, he said, and it quickly eats through the thin metal of the gasoline tanks.

The underground tanks really should be embedded in sand pits—but the cost would be prohibitive. However, said Mr. Hurst, oil companies in the city were taking the matter entirely too lightly. The constant leakage of gasoline could lead to a "terrible thing."

MAN'S BAD LUCK CARRIES OVER FROM FRIDAY, 13th

WINNIPEG, March 5.—(CP)—Here's a postscript to a Feb. 13 headline episode: On that date, a Friday incident, a D. D. Hovey ran into the following string of mis-haps:

1. Slipped and fell down stairs on his way to breakfast.

2. Slipped again on icy pavement.

3. Found his car had a flat tire.

4. Had his automobile break down on route to his place of work.

Today it was disclosed that Mr. Hovey's misfortunes hadn't ended. He received a letter with a bill for \$65 allegedly owed for damage to another automobile. The letter had been mailed... this right... Feb. 13.

SC Fails to Move Non-Confidence

OTTAWA, March 5.—(CP)—The Social Credit party last night passed up an opportunity to move a motion of non-confidence in the government during the Throne Speech debate and instead moved a motion on which it asked that all members be allowed to vote freely without endangering the government.

The motion, moved by F. D. Shaw (SC—Deer), asked members to express belief that the government should give assurance to take steps this session so that:

1. Income tax exemptions would be raised from \$250 to \$300 for single persons and from \$300 to \$400 for married persons.

2. The eight per cent sales tax would be eliminated.

3. Substantial increases would be made in family allowances and old age pensions, with elimination of the means test and a reduction in the pensionable age.

4. Adequate provision would be made for disabled persons in Canada.

5. Select subsidies would be paid on the necessities of life.

Budget Can Wait

Setback to Advancing Bread Prices Revealed

By John Leblanc
OTTAWA, March 5.—(CP)—A setback to steadily-rising bread prices—in Montreal, at least—was disclosed yesterday before the Commons price committee.

From the witness stand, a Montreal chain grocer told of getting lower prices from three bakers this week, when the committee members asked what he was going to do about it, promptly reached a decision to lower his retail price by a cent on one brand.

The witness was John B. Parent, manager of the St. Lawrence grocery store. The committee, while the committee heard, he did a bit of mental arithmetic and then announced he would drop the price of his bread from 14 to 13 cents a loaf.

SEEKS PROGRESS
Now we're getting somewhere," commented Health Minister Martin, chairman of the committee searching into causes for recent bread price increases.

Against this downward move in Montreal, the committee heard evidence that two Toronto bakers had objected when a company operating a single retail outlet there had held its retail price at 13 cents against a general increase to 14 cents in January.

But this witness—John M. Arnold, director of Pickett Farm Ltd.—testified no threats had been used and he continued to receive supplies from all bakeries as he sold at 13 cents up to the present.

Earlier, the committee had heard of claims that some retailers were rejecting bakers cut off their supplies for their lowering prices. There has been no direct evidence before the committee of such embargoes.

Jewish Terrorists Bid for Control

OTTAWA, March 5.—(Reuters)—Jewish terrorists in Palestine, flushed by a steady flow of recruits and increasing support from the Jewish population, are preparing a bid to wrest power and control of Palestine from the British.

The failure of long negotiations designed to bring about unity between the terrorist organizations, Irgun Zvai Leumi and the Stern Gang on the one hand, and Hagana on the other, has developed into an open split within the Jewish ranks, with the terrorists pushing a bid for public support.

Ottawa Moves to Bar Entry Alien Communists

By JOHN LEBLANC
OTTAWA, March 5.—(CP)—Barring of alien Communists from Canada has been ordered by the government after receiving advice it can do so under existing laws, it was learned yesterday.

An authoritative informant declared this decision had been reached after weeks of legal study by the justice department, culminating in a report to cabinet this week that the present Immigration Act gives the government enough powers to shut out Reds.

Decision of the cabinet, this source stated, was to move immediately against Communists attempting to enter Canada from other countries. This was aimed particularly at Reds known to have been entering Canada from the United States in recent years as below union officials.

NO PERMIT RENEWALS
Several U.S. union organizers and officials tagged as Communists were in Canada, and a spur to the government's move to clarify its position legally on the issue has been a claim in the U.S. that the Taft-Hartley labor law of that country was driving more across the border into the Dominion.

STUDIED QUESTION
The government was known to have made up its mind some time ago to put a halt to this influx, but for the last few weeks the question has been how it should proceed. Justice department experts have been studying whether it could move under the Immigration Act or whether amending legislation would be needed.

The legal opinion given the government, it was learned yesterday, is that two clauses of the act provide all the powers necessary to accomplish the government's purpose.

How the government will go about working out the details has not been disclosed. Among these details is the question of how a Communist may be identified as such if he says he isn't one.

Winnipeggers Moved Around Freely
WINNIPEG, March 5.—(CP)—Winnipeggers were in a moving mood last night, even though housing accommodation is said hard to get. R. B. Henderson, publisher of the Winnipeg city directory, said yesterday.

This year's directory shows that 29 per cent of the city population changed address during 1947. It listed the population of greater Winnipeg at 354,188 against 323,848 last year.

Medicine Hat, Calgary and Banff will open the combination tonight and presentations from Coleman, Edmonton and Fairview will be seen Saturday night.

SEWER-BLAST DANGER THREAT IN WINNIPEG
WINNIPEG, March 5.—(CP)—Children always have been told not to play with matches, but now it's the grown-ups' turn, particularly if they're near a manhole.

City Engineer W. D. Hurst yesterday put it this way: "Just let someone walking along the street toss a lighted match or a cigarette butt down a manhole into a sewer reeking with gasoline fumes and poof! Everything would go up."

The leakage of gasoline from filling station and garage tanks into Winnipeg's sewers is worrying Mr. Hurst and other civic officials. Manitoba's soil is corrosive, he said, and it quickly eats through the thin metal of the gasoline tanks.

The underground tanks really should be embedded in sand pits—but the cost would be prohibitive. However, said Mr. Hurst, oil companies in the city were taking the matter entirely too lightly.

The constant leakage of gasoline could lead to a "terrible thing."

ONLY 1/3 THE 1939 PRICE GENERAL ELECTRIC FLUORESCENT LAMPS

40 WATT LAMPS \$3.90 in 1939

NOW \$1.30

● The price of G-E 40 watt Fluorescent Lamps... a necessity in thousands of industrial and commercial premises... has been steadily decreased during the past nine years to a low today of \$1.30.

With the light output now greatly improved, you not only buy more light, but you buy G-E Fluorescent Lamps for only one-third the 1939 price.

HEAD OFFICE: TORONTO

BRITISH INDUSTRIES FAIR

LONDON AND BIRMINGHAM

1948 MAY 3-14

ON May 3rd 1948, when the selling agents and you will find British Industries Fair opens, buyers from all over the world will have an opportunity of inspecting the products of 3,000 United Kingdom manufacturers.

This annual event is the world's largest national trade fair. Such is its size and importance that you are urged to come yourself. You are assured of personal contact with actual manufacturers or sole Kingdom industries.

This is your only opportunity in 1948 to review within a few days the achievements of 87 United Kingdom industries.

For information and assistance you should apply to the nearest British Trade Commissioner's Office.

Colgate Dental Cream

True to our pledge to help you stretch your dollars to the very limit, we are putting on this sale of the COMBINATION VALUES now available at COLGATE DENTAL LTD. Each combination works a tremendous saving because it gives you two well-known products at a bargain price for each item individually. You can get these combination values for a limited time only—so act quickly. But what you need next week:

Save you money... Serve you better

harold DEAN of SPOR

ATTENDING lectures are never the only "daily chores in the life of the average underdog, and Bob Fleming, former Westleigh high student now at University of Michigan seems to be no exception.

Bob played with all Canadian Athletic Club hockey teams through junior and in addition was one of Westleigh H's basketball stars. Evidently he has a well-filled program for most of his off-lecture hours. At least that would appear to be the situation according to a letter just received and dated out of Ann Arbor.

In addition to getting in a couple or so "extra" hours in during the day, he "works at the rink" and plays for a hockey team in Detroit. He also endeavors to take in most of the afternoon drizzle of the Michigan squad.

FRESHMEN, of course, aren't eligible for the senior team, but Bob is expected to accept a berth for next season. "Michigan will be a cinch for the seniors," he says. "I would not hesitate to say the hockey compares with the best intercollegiate we have in the country."

Bob mentioned the rink at Ann Arbor is about the size of Varsity's in Edmonton, and then added that the beautiful football stadium holds 90,000."

Fleming also mentioned that he just received a letter from Eric MacDonald and the former EAC junior and the first of the Alberta finals, but supporters of Wetaskiwin Canadians seem fairly happy at holding the title for a 4-2 score in the opener.

In any event Wetaskiwin has gone ahead with arrangements for the special train for next Wednesday, when the first of the two games scheduled in the arena here. The second will be Saturday, March 13.

Ralph Jones and Ben Hoffmann, who have been named to the team, which will represent Edmonton at Winnipeg, have had some experience in western five-pin tournament play. Jones won the single's crown in 1946 and Ben won the double's crown in 1947.

Golfer Vern Mohr, another team member, has an average of 256.

Through vast irrigation systems, a special famine code, construction of railways, the perils of the desert, the weather, there has been only one peril in India in the present century.

HORRIFIED TOP AMATEUR GOLF STAR

MONTREAL, March 5. — (CP) — Rudy Horvath, the swarthy, tough little fellow from the city of 1945 national amateur golf rankings, headed yesterday by Hilda Picken, Jr.

In his 13th annual ratings, appearing in the current issue of Canadian Amateur Golf, Horvath won Bill Ezinnick, the hockey-playing golfer who bowed to the renowned Frank Stranahan of Toledo in last year's Canadian amateur championship.

Release of the new rankings coincided with the annual meeting of the Montreal of the Ontario Golf Association, which gives the "benevolent blessing" to Picken's selections.

Picken said his 1948 choices were the most difficult in a decade because, although "the breadth of excellent play in Canada has never been greater," he had to select the best of a large number of all-appearing champion or player in the country.

MARTEL THIEL, Edmonton businessman and former champion who lost his title last season, was bracketed with Guy Rolland of Laval, Quebec, for the third spot. Both reached the semi-final at Quebec last year.

In naming Horvath as No. 1 man, Picken said the ranking would be a surprise to Horvath, who has never won a national amateur title, but he is the 1947 at the hands of the Nash of London, Ont. But Rudy won the 1947 Ontario amateur and also the Quebec open, where he beat some of the best professional

MOREY RIMSTAD

MOREY RACKED UP 77 POINTS WITH ST. LOUIS, '46-'47 SEASON

Lacombe Holds Overwhelming Juvenile Lead

LACOMBE, March 5.—Lacombe juveniles will carry a seven goal lead into the second game of the Northern Alberta provincial hockey playoffs when they meet Stettin at 7 p.m. as a result of their 9-2 victory over Stettin last Thursday night.

More than 400 fans witnessed the game, which was the first of the season. Lacombe jumped into a 4-0 lead in the first period, but Stettin was right back in the early minutes of the second frame to close the margin to 4-2. Then Lacombe scored again in the third period to make it 5-2.

The winner of this series meets the Southern Alberta juvenile champions, either Lethbridge or Calgary, for the provincial title.

Lacombe's roster includes: Jimmy Hayworth, Landon, Fritz, Marshall, Landon, Holmes, Holmes, Karp, White.

First Period: 1-Lacombe, White (5); 2-Lacombe, Fritz (4); 3-Lacombe, White (3); 4-Lacombe, Fritz (2); 5-Lacombe, White (1); 6-Lacombe, Fritz (1); 7-Lacombe, White (1); 8-Lacombe, Fritz (1); 9-Lacombe, White (1); 10-Lacombe, Fritz (1); 11-Lacombe, White (1); 12-Lacombe, Fritz (1); 13-Lacombe, White (1); 14-Lacombe, Fritz (1); 15-Lacombe, White (1); 16-Lacombe, Fritz (1); 17-Lacombe, White (1); 18-Lacombe, Fritz (1); 19-Lacombe, White (1); 20-Lacombe, Fritz (1); 21-Lacombe, White (1); 22-Lacombe, Fritz (1); 23-Lacombe, White (1); 24-Lacombe, Fritz (1); 25-Lacombe, White (1); 26-Lacombe, Fritz (1); 27-Lacombe, White (1); 28-Lacombe, Fritz (1); 29-Lacombe, White (1); 30-Lacombe, Fritz (1); 31-Lacombe, White (1); 32-Lacombe, Fritz (1); 33-Lacombe, White (1); 34-Lacombe, Fritz (1); 35-Lacombe, White (1); 36-Lacombe, Fritz (1); 37-Lacombe, White (1); 38-Lacombe, Fritz (1); 39-Lacombe, White (1); 40-Lacombe, Fritz (1); 41-Lacombe, White (1); 42-Lacombe, Fritz (1); 43-Lacombe, White (1); 44-Lacombe, Fritz (1); 45-Lacombe, White (1); 46-Lacombe, Fritz (1); 47-Lacombe, White (1); 48-Lacombe, Fritz (1); 49-Lacombe, White (1); 50-Lacombe, Fritz (1); 51-Lacombe, White (1); 52-Lacombe, Fritz (1); 53-Lacombe, White (1); 54-Lacombe, Fritz (1); 55-Lacombe, White (1); 56-Lacombe, Fritz (1); 57-Lacombe, White (1); 58-Lacombe, Fritz (1); 59-Lacombe, White (1); 60-Lacombe, Fritz (1); 61-Lacombe, White (1); 62-Lacombe, Fritz (1); 63-Lacombe, White (1); 64-Lacombe, Fritz (1); 65-Lacombe, White (1); 66-Lacombe, Fritz (1); 67-Lacombe, White (1); 68-Lacombe, Fritz (1); 69-Lacombe, White (1); 70-Lacombe, Fritz (1); 71-Lacombe, White (1); 72-Lacombe, Fritz (1); 73-Lacombe, White (1); 74-Lacombe, Fritz (1); 75-Lacombe, White (1); 76-Lacombe, Fritz (1); 77-Lacombe, White (1); 78-Lacombe, Fritz (1); 79-Lacombe, White (1); 80-Lacombe, Fritz (1); 81-Lacombe, White (1); 82-Lacombe, Fritz (1); 83-Lacombe, White (1); 84-Lacombe, Fritz (1); 85-Lacombe, White (1); 86-Lacombe, Fritz (1); 87-Lacombe, White (1); 88-Lacombe, Fritz (1); 89-Lacombe, White (1); 90-Lacombe, Fritz (1); 91-Lacombe, White (1); 92-Lacombe, Fritz (1); 93-Lacombe, White (1); 94-Lacombe, Fritz (1); 95-Lacombe, White (1); 96-Lacombe, Fritz (1); 97-Lacombe, White (1); 98-Lacombe, Fritz (1); 99-Lacombe, White (1); Decision Later CPR Tax Action

REGINA, Man. 5.—(CP)—Mr. Justice Stewart McKercher yesterday reserved judgment on the Canadian Pacific Railway's application to take legal action against the Crown by proceeding against two provincial cabinet ministers rather than by suing for a tax.

The preliminary hearing was called to see if the case could go to

trial in King's Bench Court. The railway named Resources Minister J. L. Fliegel and Attorney General J. W. Corns as co-defendants in the suit it launched for return of confiscated mineral rights and taxes paid under Saskatchewan's Mineral Taxation Act, which provides for a tax of three cents an acre on all underground mineral rights.

The CPR also seeks a declaration that the act is ultra vires of the province.

The Egyptians brewed beer from barley as early as 3,000 B.C.

Permission Given To Sue Government For Accident Claim

WINNIPEG, March 5.—(CP)—Permission to sue the registrar of motor vehicles for Manitoba to obtain damages in a hit-and-run accident under terms of the unsatisfied judgment fund yesterday was granted by Mr. Justice J. T. Beaudin of the Court of King's Bench.

It marked the first time that such permission has been granted since the fund came into effect Dec. 1, 1945.

Mrs. Pash now will be able to bring action against the registrar, R. B. Balle, by filing a statement of claim. She is seeking damages from the fund, now standing at \$163,000, as a result of the accident death of her husband, struck by an unidentified automobile last Oct. 10.

JUST TOO OLD
TIMMINS, Ont.—(CP)—When a horse fell down on the street here a veterinarian said the animal was suffering from "blackwater," or paralysis from inactivity. But a bystander had a different diagnosis. "He's old enough to vote," was the comment.

BOOKIES' BOOKS HARD TO FIND

VANCOUVER, March 5.—(CP)—The police here got their evidence on a bookmaker—boiled a wall.

The officers sawed out part of a wall in a downtown hotel. They reported finding bookmakers' records pencilled on the wall.

John A. Andrews and Hugh Andrews were arrested and charged with recording bets on races.

Calgary Lad Wins Speaking Contest

CALGARY, March 5.—(CP)—William Kingley, 19-year-old son of Mr. and Mrs. H. W. Kingley, won the Calgary district preliminary in the Knights of Pythias international public speaking contest Wednesday night.

The Alberta finals of the contest will be held here March 12 when Kingley will compete against entrants from Okotoks, Innisfail, Medicine Hat, Lethbridge and Edmonton, to determine who will represent Alberta in the regional eliminations. These will be held early in the summer.

Man Dies, 108

SUVA, Fiji, March 5.—(Reuters)—Victor Hagan, son of a Spaniard who landed in Fiji from a wrecked sailing ship about 1830, died here at the age of 108.
